

Mountain Classic Bench Aluminium

Model Number

MCBAL-6 (6 ft)
MCBAL-5 (5 ft)

All-metal benches are very popular. The primary reason is that they discourage graffiti as the small metal slats represent a very small canvas for 'art'.

Large armrests allow people to nestle into the corner while the top of the armrest supports your arm in a natural way. The flat surface on the armrest design also assists in lowering into and getting up out of the bench making this model extremely popular in settings such as seniors' residences. Its robust style using full weld construction also makes it a popular choice for rugged and unyielding environments that also demand a bold design scheme. We locally manufacture our own castings used on the leg ends from 100% recycled aluminum car and truck rims, making our benches greener and better for the environment.

Material Specifications

Marine Grade Aluminum Frame
Stainless Steel Hardware
Super Durable Powder Coating

Customized Solutions

Custom Powder Coating
(Setup Charges May Apply)
Center Arm
Custom Lengths from 2 ft - 6 ft
INST-1.5 Stainless Steel Bolt-Down Kit

Recycled Content

Recycled Content by Weight: 40%
100% Recyclable

Product Dimensions

Total Height: 31 inches / 79 cm
Total Depth: 28 inches / 71 cm
Seat Height: 17 inches / 44 cm
Seat Depth: 18 inches / 46 cm
Length: 72 inches / 183 cm
Weight: 85 lbs / 39kg

OVER 30 POWDER COATING COLOURS *Premium powder colours incur a surcharge per item
