

# Parker Picnic Table

Model Number

PKPT-6  
PKPTWC-6  
PKPTWC-8

The Parker Picnic Table (part of the Parker Series) improves on existing features found in our other benches and picnic tables and adds some new ones! The simple curves were intentionally designed to match modern playground environments that incorporate curved shapes and non-linear forms. The connecting structural pieces are made as narrow as possible so that the user does not have to step over a large unsightly object thus reducing the tripping hazard. The maximized spacing between the seats and table tops combined with the curved leg design allows a person to slide into this picnic table without interference. Legs are centered but slope away. This picnic table also has wheelchair accessible extensions available on one or both ends. The table is made in 3 to 8-foot lengths.

## Material Specifications

Marine Grade Aluminum Frame  
Stainless Steel Hardware  
Super Durable Powder Coating  
100% Recycled Plastic Slats  
Western Red Cedar  
Accoya Modified Pine  
Hardened Bamboo

## Customized Solutions
