

Pipeline Backless Bench

Model Number

PLSB-6 (6ft)

Many site furniture manufacturers offer tubular styles of picnic tables to deliver a certain look and at certain price points; however, very few offer a complete complementary family of products. The Pipeline Backless Park Bench bridges that gap by matching existing picnic tables already present in the marketplace, but also rounds out a complete family of products specifically designed around this look.

There are striking similarities with each member of this family. The leg-end frame shape of the bench legs matches the side profile of the picnic table and the bike rack. The same lumber profile is consistent on the benches and table providing a similar motif, and in the event of damage, makes replacement boards easily replaceable. The lightweight all-aluminum construction has the obvious benefits of lower maintenance, durability, corrosion resistance, and movability compared to traditional steel frames. And finally, the seat armrest positioning has been designed to discourage skate boarders. The armrest protrudes just enough to make it difficult to "grind" the leading edge of the seat section.

Material Specifications

Marine Grade Aluminum Frame
Stainless Steel Hardware
Super Durable Powder Coating
100% Recycled Plastic Slats
Western Red Cedar
Accoya Modified Pine
Hardened Bamboo

Customized Solutions

Custom Powder Coating
(Setup Charges May Apply)
Custom Lengths Up to 8 Ft
Skate Blocks
INST-1.5 Stainless Steel Bolt-Down Kit

Recycled Content

Recycled Content by Weight: 64%
100% Recyclable

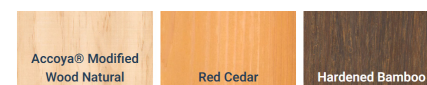

Product Dimensions

Total Height: 24.5 inches / 63 cm
Total Depth: 19 inches / 48 cm
Seat Height: 17.5 inches / 45 cm
Seat Depth: 16.5 inches / 41 cm
Length: 72 inches / 183 cm
Weight: 85 lbs / 39 kg
