

Urban Form ECO Waste Receptacle

Model Number

UFTRE-30

The Wishbone Urban Form Eco Waste Receptacle is the most recent addition to our Urban Design Series. Combining economy with excellence, this innovative receptacle offers tangible cost advantages without compromising the hallmark functionality and maintenance standards of Wishbone products.

Engineered to be bird and rodent resistant, its design ensures waste stays in, and critters stay out, reflecting our commitment to practical and effective waste management. With its clean, simple lines, the Urban Form Eco Waste Receptacle is also highly customizable, allowing for unique branding options such as C&C routing on aluminum panels or vibrant decorative wraps.

Customer-inspired and budget-conscious, the Urban Form Eco Waste Receptacle sets a new standard in waste containment, making it an ideal choice for any setting.
